

GIVINGTUESDAY

The Combined Federal Campaign is the official workplace giving campaign for Federal employees and retirees. Every year, we come together to raise money and volunteer for our favorite charities, spreading happiness one gift at a time.

And, studies show when you give happy, you get happy too!

GivingTuesday was created in 2012 as a simple idea: a day that encourages people to do good. Since then, it has grown into a year-round global movement that inspires hundreds of millions of people to give, collaborate, and celebrate generosity.

The Michael J. Fox Foundation for Parkinson's Research
Here. Until Parkinson's Isn't.

In 2023, The Michael J. Fox Foundation for Parkinson's Research announced the biggest breakthrough in Parkinson's research to date—a biomarker! This advancement revolutionizes the opportunities to increase treatment options and has the potential to lead to a cure. But this isn't the end of our work, it's a new beginning. Your support will lead the charge toward a world without Parkinson's disease.

Working Dogs for Vets
Saving Lives at Both Ends of the Leash!

Veterans commit suicide at the rate of 1 every 59 minutes. That's 22 veterans a day! About 2.7 million shelter dogs in the U.S. are put down each year. That's about 1 every 11 seconds! More than 1.5 million disabled veterans need a service dog. We connect veterans with service dogs, helping them train their own dogs: 3,000 teams and counting! **Help us Save Lives at Both Ends of the Leash!**

Leading Modern Conservation Efforts

AMERICANS LIVE IN BUSTLING CITIES, SPRAWLING
TOWNS AND REMOTE RURAL PLACES. BUT NO MATTER
WHERE ON THE MAP WE LIVE, LAND SUSTAINS US.

Every 30 seconds, a football field worth of America's natural areas disappears to roads, houses and other development. Since 1985, The Conservation Fund has protected nearly 9 million acres across all 50 states. But nature is still at risk, which is why we partner with communities across the country to identify land conservation projects that will have an outsized impact.

As the United States continues to face extensive environmental challenges, including climate change, resource depletion and rapid development, our efforts are even more important. Although these challenges are not new, they're increasingly close to home; we are seeing more frequent fire and flood events, changing landscapes and displaced wildlife.

No single cookie-cutter solution resolves every issue. That's why The Conservation Fund focuses on using an innovative approach to conservation and community-led partnerships. We create nature-based solutions that drive action for climate protection, sustainable economies, and vibrant and healthy communities.

You can help us continue to make positive impacts and build stronger connections across the map. With more than 95% of our annual spending going to conservation programs, a donation today will make a big impact on conservation. Make your gift today to help protect communities, wildlife and landscapes!

Support Our Aging Religious – SOAR!

They were there for us. Now it's our turn.

Sisters, Brothers and religious order Priests—who have given their lives to the Church and its work—are facing a crisis. Many worked for only modest stipends. As they age, their communities have little for retirement. Healthcare costs are up. *In response, SOAR! awards grants to congregations to care for their retired members. Your donation addresses their immediate needs and ensures their safety, comfort and dignity.*
