Why Should I Support Your Work?

The Children's Inn at NIH

A Place Like Home.

We are a residence for children participating in pediatric research at the National Institutes of Health. Children from around the country and

the world stay with their families in The Inn's healing environment - *at no cost* - while receiving treatment for catastrophic diseases. We reduce the burden of illness through therapeutic, educational and recreational programming. As partners in discovery and care,

we strive for the day when *no family* endures the heartbreak of a seriously ill child.

Unitarian Universalist Service Committee

Advancing human rights and promoting social justice worldwide.

UUSC is a nonsectarian organization that advances human rights and social justice in the U.S. and around the world. We envision a world free from oppression and injustice, where all can realize their full human rights. Through a

CFC# 11685

combination of advocacy, education and partnerships with grassroots organizations, UUSC promotes economic rights, advances environmental justice, defends civil liberties, and preserves the

rights of people in times of humanitarian crisis. Our work affirms the worth, dignity and human rights of every person.

PVA Spinal Cord Injury Education and Training Foundation

Empowering America's Heroes.

From coordinating workshops for health professionals to producing educational materials, we help develop tools that share spinal cord injury and disease knowledge and improve lives. · Consumer and community education to improve health, independence and quality of life. • Professional education to improve the knowledge of health professionals. • Dissemination of research findings to improve care. • Development of teaching tools.

Nearly 100% of your gift goes Paralyzed Veterans **CFC# 11958** of America

directly to our mission. UW# 8189 **PVA.org/research**

Children's Cancer Recovery Foundation

Creating smiles, inspiring hope, rediscovering childhood.

Our mission is to deliver simple acts of Michildren's care and kindness to children and their families experiencing cancer. Programs

include: *delivering toys* to children receiving treatment in hospitals; providing financial assistance to families; sending children in remission to recreational camps; educating families on the dangers of environmental toxins and their link to childhood

cancer; funding research for less toxic, minimally invasive pediatric cancer treatments; and providing medications to clinics in developing countries.

The National Association of **Free and Charitable Clinics**

Helping save lives by building a healthy America one patient at a time

Even with the Affordable Care Act, 30 million uninsured and underinsured Americans remain without healthcare coverage or a medical home. Annually, our 1,200 nationwide clinics provide 6 million patient visits to the economically disadvantaged. With little to no state or federal funding, we provide a range of health and social services including medical, mental, pharmacy and dental care. Yearly, thousands of volunteers help the NAFC to host free one-day clinics in selected cities.

PVA Spinal Cord Research Foundation

Improving the lives of those with spinal cord injury and disease.

Paralyzed Veterans of America

From regenerating nerve fibers to

designing adaptive canoe seats, we support innovative research and fellowships. Nearly 100% of your gift supports our mission: • Lab research in the basic sciences to find a cure. • Studies of the

medical, psychosocial and economic effects of spinal cord injuries/disease (e.g. MS and ALS) and how to alleviate these effects. • Design and development of assistive technology. • Fellowships to encourage scientists, clinicians and engineers to focus on spinal cord injuries.
